# Washington grows the Five Food Groups!

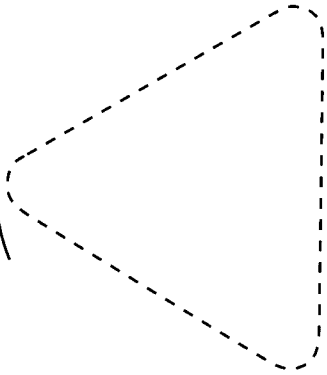

NAME: \_\_\_\_\_

Use the "Washington the State of Agriculture" map to complete these activities.

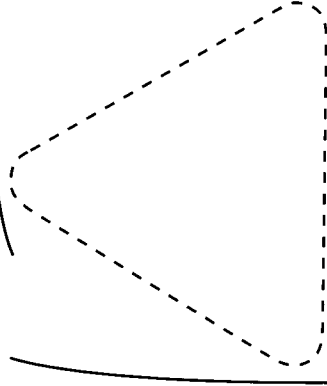

1 How many counties are in Washington State? \_\_\_\_\_

2 Match and place the "Five Food Group Stickers" in the correct food group triangle.

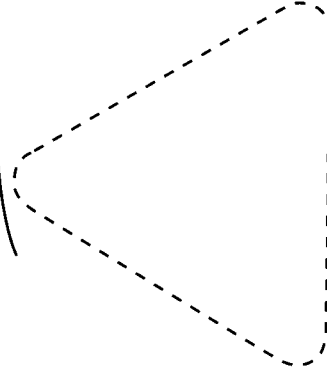

## Fruit

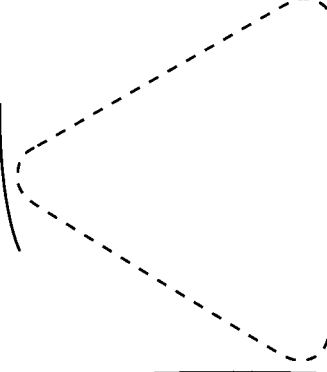

## Meat & Beans

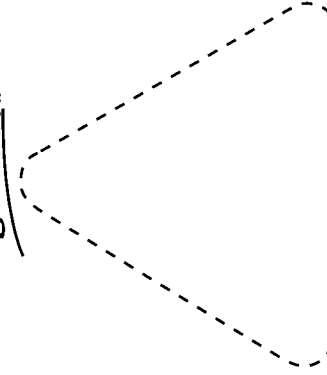

## Milk

## Grains

## Vegetables

3 The foods circled below are produced in Washington. There are three counties listed under each food that are missing their picture on the "Washington the State of Agriculture" map. Find these counties on the map and write in this missing food. Some counties will already have other food pictures.

### APPLES

Douglas  
Klickitat  
Okanogan

### BEEF

San Juan  
Asotin  
Ferry

### MILK

Clallam  
Clark  
Thurston

### WHEAT

Columbia  
Spokane  
Garfield

### POTATOES

Adams  
Grant  
Benton

4 List your favorite food from each of the Five Food Groups. Do any of these foods grow in Washington? \_\_\_\_\_

5 Name the county where you live. \_\_\_\_\_

6 Name other foods that are grown in your county. \_\_\_\_\_
